### **NZAE STUDENT E MEMBERSHIP INFORMATION**

This letter is to introduce the New Zealand Association of Economists, and to invite you to apply as a Student E-member.

The Association was founded in 1959, and it has five constitutional objectives:

- To promote collaboration and discussion among professional economists in New Zealand;
- To encourage research and to publish the results of that research and other relevant material;
- To obtain and disseminate information on research projects in progress or anticipated;
- To promote the profession of economics in New Zealand;
- To foster in all sections of the community interest in and understanding of New Zealand economic problems.

In pursuit of these objectives the Association organises an Annual Conference for its members, publishes its newsletter (*Asymmetric Information*) and its professional journal (*New Zealand Economic Papers*) - (both three times a year). The Association also sponsors several annual prizes, the "Bergstrom Scholarship in Econometrics", the "Seamus Hogan Research Prize", the "Jan Whitwell Prize" for the best presented student paper, plus various Graduate Study Awards and Conference Assistant's prizes awarded at our Annual Conference.

The conferences are lively meetings in keeping with the important issues discussed at them. Because the Association's constitution forbids it from making any statements on economic policy it is able to provide a neutral but effective forum for the analysis and debate of a wide range of economic issues. The conferences are a useful way of keeping up to date with the latest developments in economic thought. A feature in recent years has been the presence of distinguished overseas economists invited by the Association to speak on their area of expertise.

There are hundreds of Association members working in many sectors across the country. Membership is open mainly to those who have a degree in economics or commerce, and who in the normal course of work use the tools of economic analysis as teachers, investigators or advisers on economic matters. The subscription for a new member is \$170.00, or \$85.00 for students in their first year of graduation and for post-graduate students. This subscription includes three free copies of our economic journal "*New Zealand Economic Papers*", and our newsletter, "*Asymmetric Information*".

In addition, we have recently created a new Student E-membership and I invite you to consider joining our Association as a Student E-member.

**Mark Holmes**

## NZAE STUDENT E-MEMBERSHIP APPLICATION 2018

The New Zealand Association of Economists is happy to announce the introduction of a new type of membership: the NZAE student e-membership.

NZAE invites 4<sup>th</sup> year and above students of economics to join as e-members

This is free membership for students entitling them to electronic-only communications: *Asymmetric Information* sent by email and *NZEP* notifications/abstracts (not the full journal) also sent by email.

Conference attendance for e-members remains at nonmember (student) rates.

[Note that e-membership is an alternative to full student membership (that includes receipt of *Asymmetric Information* and *NZEP* in hard-copy form. Full student membership is: NZ\$85.00 (GST inclusive) for New Zealand graduate students for first year only.]

**Please post original signed application to the above address.**
